

## Goshuin\_cho(stamp\_book)"Oriental Astronomical Map"

A "Goshuin"stamp is a seal given as proof of visiting a shrine.

Our Goshuin\_cho(stamp\_book) are designed based on the old "Oriental Astronomical Map" in our collection.

Oriental constellations are arranged throughout, with the“North Star” “Big Dipper”and “Heavenly General(Daishogun)” embroidered in gold. The twenty-eight constellations the moon resides each day are embroidered in silver. The celestial ecliptic and equator are arranged in gold and silver circles.

We hope that all visitors will be able to experience Japan's ancient view of the universe. 大將軍八神社(Daishogun\_hachi\_jinja.shrine)
